Our Azelaic Acid 10 With Salicylic Acid serum is carefully formulated to be gentle yet effective, suitable for even sensitive skin types. Azelaic acid's remarkable ability to regulate sebum production minimizes oiliness and prevents future breakouts, while its anti-inflammatory properties soothe irritated skin. Combined with salicylic acid, a renowned beta-hydroxy acid (BHA), this serum provides a deep cleanse that unclogs pores and removes dead skin cells, leading to a smoother, more refined skin surface. This dual-action approach targets multiple skin imperfections simultaneously for comprehensive results.

Unlike harsh treatments that can irritate and dry out your skin, our Azelaic Acid 10 With Salicylic Acid serum is designed for daily use.
